Straw Hat King

Straw hat tight, he sails with pride,
Freedom's call is Luffy's guide.
Fists that stretch, a heart so bold,
Chasing dreams, not chasing gold.

Rubber skin but iron will,
Every fight, he climbs the hill.
Laughs out loud, then strikes with might,
Gear Four hits like purest light.

Friend to all who stand for truth,
Braver still than fireproof.
Yonko fear his rising name,
But he's not here for petty fame.

Zoro guards him with a blade,
Sanji cooks the wins they've made.
Nami maps the path ahead,
Usopp fights though filled with dread.

He'll not kneel, he won't obey,
Luffy walks his own damn way.
One Piece waits where legends sing-
He **will** become the Pirate King!
